UPSCALE TRADITIONAL REMODEL

Exquisite Craftsmanship and Sophisticated Finishes

ALLEN
CONSTRUCTION

BUILDALLEN.COM | LICENSE #503300

"Exquisite craftsmanship and sophisticated finishes were the key elements of this traditional remodel."

- Allen Construction

Project Highlights

2,584 SF HOUSE

1,035 SF POOL CABANA

The client's primary goal was to modernize the original, dated and formal house. A tapestry of architectural textures—created from some of the most upscale finishes available—came together seamlessly under the watchful eye of Allen Construction's master craftsmen. This home's myriad patterns, shapes, and lines required precision, forethought, and painstaking attention to detail.

Custom cabinetry is showcased throughout this upscale, traditional residence. Hand painted Elizabeth Dow wallpaper adorns the living room. Solid Tassos white marble counter-tops with gold back-splash accents give the kitchen a clean, serene feel. Square solatubes flood the space with natural light. Calcutta gold marble, La Cava sink, and P.E. Guerin handmade plumbing fixtures adorn the master bath. Starphire glass shower enclosures are found in all of the bathrooms.
